Sir:

This Reply is in response to the Office Action mailed February 23, 2006. As the Office Action set a three-month shortened statutory period for reply (thereby setting a nominal due date of May 23, 2006), the present Reply is timely as Applicants include herewith a request for a three-month extension pursuant to the provisions of 37 C.F.R. §1.136(a), thereby extending the due date by three months, to August 23, 2006.
